Sir:

In response to the Notice of Non-Compliance mailed on March 21, 2005,
please amend the above-identified patent application as follows:

Please replace the Abstract with the following amended Abstract:

Active additive substances in absorbent articles, such as sanitary napkins, panty liners, tampons, incontinence protectors and diapers, often have limited durability, and have been found to lose their properties and their activity when handled unfavourably. Thus, it is important to be able to determine the activity status of the active additive substance when the absorbent article is used and handled. ~~The present invention relates to an~~ An absorbent article that includes at least one active additive substance and ~~that also comprises~~ includes a visual indicator which gives an indication of the activity status of the ~~said~~ active additive substance.
